⊗ - J Dent J
title - ⊗
authors combined - ⊗

Sure...but I don't know if this is enough to help.

The second author is SM Finegold and the title is "DNA sequence analysis of the Fusobacterium nucleatum plasmid, pFN1"

Thanks!

try to find
8/27
No - asked for
complete cite

Hello,

We are having trouble identifying the second cite. There is no article on the page noted and the author doesn't appear in the index. Can you provide any more information on this one?

Thank you,
Linda
